CAREER OBJECTIVE

To obtain a challenging role in a dynamic organization where I can utilize my skills in Java and full-stack development to build efficient solutions while enhancing my technical and professional growth. I am eager to contribute to real-world projects, embrace emerging technologies, and collaborate within diverse teams. Driven by curiosity and a commitment to continuous improvement, I aim to add value through innovation, dedication, and a results-oriented approach.

EDUCATION

Dr. N.G.P. Institute of Technology **Tamil Nadu, India**
Bachelor of Engineering - Computer Science and Engineering
CGPA: 6.79

Sri Ranganathar Matriculation Hr Sec School **Tamil Nadu, India**
Higher Secondary Certificate (HSC) March 2023
Percentage: 60%

Sri Ranganathar Matriculation Hr Sec School **Tamil Nadu, India**
Secondary School Leaving Certificate (SSLC) May 2021
Percentage: 100%

SKILLS SUMMARY

- **Technical Skills:** JAVA, Python
- **Web:** Html, css, JavaScript
- **Database:** Sql, MySQL
- **Soft Skills:** Leadership, Communication, Time Management, Teamwork, Adaptability

PROJECTS

- **Baby Heart Rate Monitoring System:** Developed a system to monitor a baby's heart rate during pregnancy in real time. Used sensors and a microcontroller to measure and display heart rate values. Analyzed heart rate patterns to detect possible abnormalities. Helped in the early identification of potential health risks and supported prenatal **2023-2024**
Tech: Heart Rate Sensor, Micro controller, Embedded System, LCD Display
- **Software Based Apartment Management System:** Developed an Apartment Management System using Django with role-based login, rent management, maintenance request tracking, and tenant notification features.. **2024-2025**
Tech: Python, Django, MySQL

- **AI Based Resume Analyzer with Job Recommendation:** Developed an AI-powered Resume Analyzer that extracts candidate information, recommends suitable jobs, and provides resume improvement suggestions using Python, NLP, Flask, and MySQL.

2025-2026

INTERNSHIPS

- **Web Application Development Intern at Skylene Info Technology, Coimbatore:** Developed and maintained web applications using modern web technologies. Built responsive and user-friendly interfaces using HTML, CSS, and JavaScript. Assisted in back-end development, API integration, and database management. Collaborated with team members to design, test, and improve web applications..
- Duration: 15 Days June 2025**

AREA OF INTEREST

Software Programming, Business Intelligence, Full stack development, software testing

TECHNICAL & INDUSTRIAL EXPOSURE

- Actively participated in **Tech Quiz** at the National Level Technical Symposium PINNACLE 2K24, demonstrating technical knowledge and problem-solving skills in 2024
- Paper presentation on **Automatic Traffic sign Detection** at **Ramakrishna iTech** in 2024
- Participated in Technical Events during **DHRUVA 2024** conducted by Karpagam College of Engineering, enhancing technical awareness and collaborative skills.

CERTIFICATIONS

- Renewable energy Technology Fundamentals- Coursera-2025
- Responsible and Safe AI System in **NPTEL (ELITE)2024**
- Introduction to Internet of Things in **NPTEL(ELITE)-2025**
- Cloud Computing in **NPTEL-2025**
